NUMB. 3069

MONDAY JANUARY 2, 1744.

Since our laſt arrived the Mails from France *and* Flanders.

Petersburgh, December 21.

HER Imperial Majeſty, excluſive of the Memorial addreſſed to M. Lanzinski, her Miniſter at the Court of Vienna, has cauſed it to be notified to the Foreign Miniſters reſiding here, that ſhe cannot depart from her Demand of Satisfaction on the Head of the M. de Botta's Conduct; the rather, becauſe the Court to whom ſhe applied, in juſtifying that Miniſter's Behaviour, repreſents her Memorials as abſurd and contradictory, notwithſtanding they are as plain and preciſe, as Papers ever were; which is ſuch a Strain of Complaiſance towards the Marquis, and ſo indecent, with regard to her Majeſty, that if there ſubſiſted no other Reaſon than this, ſhe ſhould find herſelf obliged to perſiſt in this Reſolution. But that her Determination in this Affair would no way affect (as ſhe underſtood ſome buſy People gave out) the general Plan of her Conduct; ſince ſhe was at all Events determined to fulfil, with the moſt ſcrupulous Exactneſs, all her Engagements, and even thoſe ſhe had enter'd into with the Court of Vienna, whatever became of this untoward Buſineſs; which, however, gave her no ſmall Uneaſineſs.

Madrid, December 17. It begins now to appear, that the French Party here have regained the Aſcendant, and that M. de Enſenada declines apace, from an Apprehenſion that he leaned to pacifick Meaſures. Don Manuel Ricardo has been lately named Counſellor in the Council of Finances, on purpoſe to have a Miniſter ready to undertake the grand Buſineſs of finding Funds for the Armies, in caſe M. de Enſenada interpoſed, as uſual, with his Remonſtrances. This Morning arrived an Expreſs, and Yeſterday the Court receiv'd two, one from Savoy, and the other from Paris; but we know nothing as to the Contents of their Diſpatches. The Plague ſtill continues in Barbary, which adds to the Number of thoſe unlucky Affairs which perplex our Court. We have lately diſpatched a Courier with Inſtructions to the M. de Candia at Lisbon, where he is to execute a ſecret Commiſſion, inſtead of proceeding to Denmark, as it was expected by all here he would. This ſecret Commiſſion is ſaid to have taken Riſe from the Conferences held here by the M. de Chavigni, in his Way from Lisbon to Paris.

Extract from an Auſtrian *Officer's Letter to his Brother.*

Rimini, December 19. 'It is far from being true, that 'we are inactive, tho' we don't move quite ſo quick as 'you expect at Vienna; but Prince Lobkowitz, who is 'a Stateſman as well as a Soldier, has put all Things 'now upon yon, I mean upon the Court. He has con'certed a Plan with the King of Sardinia and Admiral 'Mathews, to do Buſineſs effectually; and Col. Count 'Coloredo has, by this time, laid it before the Council. 'If once it is approved, as we make no doubt it muſt, 'we ſhall leave our Quarters by the Middle of next 'Month, and go to beat up thoſe of the Enemy without 'a Moment's Delay.

'Hitherto all goes well, and every one does his Duty. 'Count Periale has, in a very ſhort Time, aſſembled the 'Fleet of Tranſports neceſſary for executing our Deſigns. 'The Engliſh Men of War we expected, are arrived, 'ſo that we are Maſters of the Adriatick; and if the 'Spaniards will live well, it muſt be by eating one an'other. In the mean time, we are daily receiving Re'cruits, ſo that very ſoon we ſhall be able to undertake 'any Thing, which hitherto we have not been; our 'Army, even at this Inſtant, being pretty much ſhort 'of 19,000, tho', if our Corps were full, it ſhould be '24,000.

'The Enemy continue to fortify themſelves in Peſaro 'and Civita-Caſtellana. Our Scheme is, to begin with 'driving them from the laſt-mentioned Poſt; in that 'Caſe, M. de Gages muſt attempt its Relief, which 'would bring on an Engagement; or, by withdrawing 'his Gariſon, would ſubject himſelf to be ſo ſtraitned, 'as, in a ſhort Space, would compel him and his Troops 'to become Priſoners of War. In three Weeks time 'we expect the two firſt Regiments of Foot, that are 'marching to us from Bavaria.'

Bern, Decemb. 21. The Mortality in the Spaniſh Army, for want of Nouriſhment, is ſo great, ſince the Infant's Return to Chamberry, that it was apprehended the Plague was got amongſt them; and M. de las Minas having ordered the Beds and Cloaths of the Deceaſed to be burnt, confirmed that Notion; but it proved only a Precaution in the General to deſtroy the Vermin, in which they abound. It is ſaid, ſome Spaniſh Regiments are on their March to reinforce Don Philip, and that they have already paſſed thro' Rouſſillon; but unleſs they bring ſome Money to pay the Troops, they all muſt ſtarve. The Clergy of Savoy have had a new Tax, amounting to above One-third of the neat Profit of their Revenues, impoſed upon them, by way of Free-Gift; but it is ſaid they will ſuffer military Execution, rather than comply. We have no News from Hunninguen, except that the French carry on their Fortifications with little Interruption from the Auſtrians.

Extract from the Paris Alamain.

Paris, January 8. 'Laſt Week his Majeſty was pleaſed 'to declare the Prince of Conti Commander in Chief of 'the Army in Italy, which, we are aſſured, will conſiſt 'of full 40,000 Men.

'The Count de Lautrec, who was named Knight of 'the Holy Ghoſt in the laſt Chapter, and who is, at 'preſent, at Franckfort, will not be received till the 'next Chapter, to be held on the 3d of February.

'On Friday laſt the King went to the Opera, accom'panied by the Dauphin, the Princeſſes of France, and 'a large Train of the Lords and Ladies of the Court, 'where his Majeſty ſaw Rolando Furioſo, and returned 'afterwards to ſup at Verſailles, with all the Royal Fa'mily.

'A few Days ago a Courier was diſpatch'd to Toulon, 'with the laſt Orders of the Court, in reſpect to the 'Embarkation of the Troops which are to be ſent to 'Italy.

'Amongſt the Spaniſh Troops which are to embark 'at Toulon, there are ſeveral Battalions of Militia, that 'are deſigned to complete the Army of the Duke of 'Modena.

'On the 29th of laſt Month there was a great Aſſem'bly of the Miniſtry held at Cardinal Tencin's, when, 'we are aſſured, it was determined, that M. Coigny 'ſhould command upon the Rhine, M. Noailles in Flan'ders, and Count Maurice of Saxony on the Moſelle.

'The Bailiff de Givry, who commanded at Dunkirk, 'is to ſerve in the next Campaign, under the Command 'of the Prince of Conti.

'The Cheva'ier de Apchir ſet out laſt Wedneſday, to 'take upon him the Command of Dunkirk.

'The Duke de Richlieu is hourly expected, in order 'to go into Waiting, as Firſt Gentleman of the Bed'Chamber to the King.

'It is certain, that the Houſhold Troops will ſerve 'next Campaign in Flanders.

'A Report is ſpread, that Prince Charles will com'mand the Auſtrian Army in Flanders, and Count Khe'venhuller that on the Rhine.

'They write from Breſt, of the Firſt of this Month, 'that Seamen arrive there daily; tho' they have already 'a Number ſufficient to man the 18 Ships that are 'equipp'd, which are to be reinforced by five more of 'the Line.

'We are aſſured, that the Dutch are on the Point of 'declaring; that the Prince of Saxe-Gotha will furniſh '4000 Men in the Pay of the States; and that Denmark 'is to furniſh 12,000 in the Pay of England.'

AMERICA.

Newbury, October 11. On Friday laſt died here, and Yeſterday was decently interred, the oldeſt Perſon in this Town, Capt. Stephen Greenleaf, in the 92d Year of his Age. He has had 10 Children, 59 Grand-Children, and 92 Great-Grand-Children.

Boſton, October 25. On Lord's Day, the 2d currant, after a few Days Illneſs, died here the Hon. Adam Winthrop, Eſq; in the 68th Year of his Age. He was deſcended, in the fourth Generation, from the firſt Governor of this Colony, the Hon. John Winthrop, Eſq; and was truly an Honour to his Name and Family. As his Death was a publick Loſs, ſo his Funeral was attended with great Reſpect, by his Excellency the Governor, the Members of his Majeſty's Council, and the Officers of the Regiment, with a great Number of Gentlemen of all Ranks, and the Diſcharge of 20 Cannon at the Caſtle, by the Governor's Direction.

Laſt Friday Night, and the Day following, we had a very violent Storm of Wind at N.E. which brought in the Tide higher than has been known for 20 Years; and the Wind blowing exceeding high, vaſt Damage was thereby done to the Wharfs, Warehouſes, and Shipping in this Town and Harbour. To deſcribe the Particulars would be almoſt impoſſible, but if it could be done, the Same would appear incredible. It is ſuppoſed, the Loſs ſuſtained in this Town hereby, amounts to upwards of 100,000 l. old Tenor. We alſo hear, that the Works and Wharfs at the Light-houſe have ſuffered conſiderable Damage. A Boat, with four Men in it, was ſeen to overſet between Long-Iſland and the Caſtle, and all the Men periſhed. A Veſſel from Ireland run upon the Beach, near Pol. Alderton; the Men are ſaved, and, 'tis ſaid, moſt of the Cargo, among which is 400 Firkins of Butter. Capt. Debuke, coming hither from Newcaſtle, is caſt away near Scituate; the Men are ſaved, but, 'tis ſaid, the Veſſel and Cargo will be loſt. At Marblehead 14 Veſſels are aſhore; and a Bridge between that Town and Salem, was carried away by the Tide, while a Man was upon it with a Cart and Oxen.

Philadelphia, October 20. The Spaniſh Regiſter Ship being condemned, the Privateer George this Morning fired all her Guns. She will ſail again in a few Days.

Philadelphia, October 27. Laſt Friday Night we had a violent Guſt of Wind and Rain, attended with Thunder and Lightning, which did conſiderable Damage to our Shipping and Wharfs.

Boſton, November 1. We hear that ſeveral Veſſels were put aſhore at the Vineyard, in the late Storm; but, 'tis hoped, they will be got off again. Capt. Brooks, from Jamaica, in going into Piſcataqua, was caſt away in the Chops of the Harbour; the Veſſel bulged, but the Men were ſaved. From Newbury we hear, that two new Veſſels were waſh'd off the Stocks, and receiv'd conſiderable Damage.

Newport, November 4. We have Advice from Stacia, that the two St. Kitt's Privateers have made another very rich Voyage on the Spaniſh Main, having taken three Prizes, worth altogether 70,000 l. Sterling; viz. a Spaniſh Settee, with a very valuable Cargo; a French Sloop with Spaniſh Effects, among which are above 40,000 Pieces of Eight in Specie; and a Dutch Smuggler.

Concerning Gleets *and* Seminal Weaknesses *of all Kinds.*

ALL judicious Physicians and Surgeons allow, that nothing is more difficult to cure than Stubborn Gleets and Seminal Weaknesses, whether occasion'd by too severe purging for Venereal Injuries, violent Strains, Pollutio sui, or any other Cause whatever; and that they are dangerous in their Consequences, as well as difficult to cure, is as certain, since they exceedingly weaken the Generative Faculties, infeeble the whole Nervous System, often bring on Hectick Heats, a Tabes Dorsalis, or Consumption of the Back, or an Atrophy or Nervous Consumption, which frequently terminate in Death itself.
All such, therefore, who have the Misfortune to be troubled with Old or Stubborn Gleets, Seminal Effusions, Involuntary Emissions, excessive Nocturnal Pollutions, or any Weakness of the Kidneys, Ureters, or Bladder, the Diabetis, or Incontinency of Urine, or Difficulty of holding their Water, would doubtless be glad to meet with a certain, safe, and speedy Cure, which they most assuredly may, by taking only a small Quantity of a transcendent BALSAMICK RESTRICTIVE ELECTUARY, now published for a general Good, after having for many Years been experienc'd never once to fail perfectly curing the most Stubborn Gleets known, in a few Days, without Difficulty or Trouble; as also all other Weaknesses of the Back, Reins, Seminal Vessels, and Urinary Passages, whichit almost instantly cures, bringing to rights and restoring all those Parts and Passages to their natural Tone and pristine Vigour, in a very extraordinary Manner, and by taking a few Doses of it only.
This transcendent BALSAMICK RESTRICTIVE ELECTUARY is neither disagreeable to take, nor occasions the least Disorder, but is a wonderful Restorative in all Weakness and Decay of Constitution of any Kind, and particularly strengthens the Back, Reins, Seminal and Urinary Vessels to an immense Degree, insomuch that in any Debility of them, one Dose of it does more than ten of any other Remedy yet found out; and all Persons fatigu'd with Gleets or Seminal Weaknesses of any Sort, or Weaknesses of the Urinary Vessels, who take it, will in three Days time find it so very effectual, that they will be most agreeably surprised at it.
When a Medicine will infallibly accomplish such a safe, speedy and perfect Cure of such difficult Maladies, as Gleets and Seminal Weaknesses are, as this Great Remedy truly and directly will, even after all other Means and Medicines have been tried in vain; too much cannot be said in it, and this, All who ever took it for any of the above-mention'd Purposes, have readily declared.
The Price is but 6 s. a Pot, altho' for its absolute Efficacy, one Pot alone being sufficient in most Cases to accomplish a Cure, worth ten times as much, and by the Author's special Appointment, is to be had only at Mr. Radford's Toy-shop, at the Rose and Crown against St. Clement's Church-Yard in the Strand, ready sealed up, with a Book of Instructions, which whomsoever carefully reads will perfectly know, when the Gleet or Weakness he is afflicted with, succeeds a Venereal Injury, whether all the Malignity of the Foul Disease is intirely eradicated or not.
Note, Ask only for a 6 s. Pot of Balsamick Electuary.
